

INTERNET SCIENCE AND TECHNOLOGY 2016-2017

- mandatory CS/IST
- mandatory IST
- 1 of 3
- 2 of 4
- electives

M1			
1A	1B	2A	2B
192654000 network security	191612680 Computer Ethics UT	192620010 mobile and wireless networking 1	192620020 mobile and wireless networking 2
192140122 system validation	192620300 performance evaluation	192652150 Service-oriented architecture...	192653100 internet management & measurem.
191210780 modern communication systems	201200006 quantitative evaluation of emsys	192170015 testing techniques	192320111 Architecture of Information System
201000075 wireless sensor networks	201400177 cloud networking	192111301 Ubiquitous Computing	201500132 telemedicine
192110940 Secure Data management	192135450 ADSA-MDE	1921210790 Transmission Media	201200231 Smart Antennas & Propagation
192130240 Embedded Computer Architectures 1	191211030 mobile radio communications	201400174 Data Science	201500042 Privacy-Enhancing Technologies
	192130112 Distributed Systems		
	201200044 Managing Big Data		
	201400174 Data Science		
	201600051 Software Security
