

# MSc Telematics (Internet Science & Technology, mte/ist)

Programme mentor: dr.ir. P.T. de Boer

Date registration BOZ:

academic year 2016-2017

Year enrollment MSc Telematics (Internet Science and Technology)

Name :  
Telephone :

Student number:

		Credits *
<b>Homologation courses</b>		
_____	_____	...
_____	_____	...
_____	_____	...
<b>basic courses:</b>		
<input checked="" type="checkbox"/>	192620010 Mobile & Wireless Networking 1	5
<input checked="" type="checkbox"/>	192620300 Performance Evaluation	5
<input checked="" type="checkbox"/>	192652150 Service-oriented architecture with web services	5
<input checked="" type="checkbox"/>	192654000 Network Security	5
		<u>20</u>
<b>At least 1 of the following advanced courses on modelling and validation:</b>		
<input type="checkbox"/>	201200006 Quantitative Evaluation of Embedded Systems	...
<input type="checkbox"/>	192140122 System validation	...
<input type="checkbox"/>	192170015 Testing techniques	...
<b>At least 2 of the following advanced courses on networking technologies:</b>		
<input type="checkbox"/>	201400177 Cloud networking	...
<input type="checkbox"/>	192620020 Mobile and wireless Networking 2	...
<input type="checkbox"/>	192699978 Internet Management and Measurement	...
<input type="checkbox"/>	201000075 Wireless Sensor Networks	...
<b>And zero or more from the following advanced courses, so that advanced courses in total are at least 30 ec:</b>		
<input type="checkbox"/>	192130112 Distributed Systems	...
<input type="checkbox"/>	192111301 Ubiquitous Computing	...
<input type="checkbox"/>	191210780 Modern Communication Systems	...
<input type="checkbox"/>	191211030 Mobile radio communications	...
<input type="checkbox"/>	192135450 Advanced Design of Software Architectures Model Driven Engineering	...
<input type="checkbox"/>	201400176 Dependable Networking	...
<input type="checkbox"/>	192320111 Architecture of information services	...
<input type="checkbox"/>	201500132 Telemedicine: remote monitoring and coaching	...
<input type="checkbox"/>	192110940 Secure Data management	...
<input type="checkbox"/>	192130240 Embedded Computer Architectures 1	...
<input type="checkbox"/>	201200044 Managing Big Data	...
<input type="checkbox"/>	201400174 Data Science	...
<input type="checkbox"/>	201600051 Software Security	...
<input type="checkbox"/>	191210790 Transmission Media	...
<input type="checkbox"/>	201200231 Smart Antennas & Propagation	...
<input type="checkbox"/>	201400175 Social Networks – Technology and Analysis (not in 2016)	...
<input type="checkbox"/>	201500042 Privacy-Enhancing Technologies	...
<b>Elective courses:</b>		
<input type="checkbox"/>	_____	...
<input type="checkbox"/>	_____	...
<input type="checkbox"/>	_____	...
<input type="checkbox"/>	_____	...
<b>Mandatory (45 EC):</b>		
<input checked="" type="checkbox"/>	192199508 Research Topics	10
<input checked="" type="checkbox"/>	191612680 Computer Ethics	5
<input checked="" type="checkbox"/>	192199978 Final project	30
		<u>45</u>

Total at least 120 credits ...
