

Interrail Pass for Erasmus+

Introducing the Interrail Global Pass for Erasmus+, a special version of the Interrail Pass exclusive for Erasmus+ participants.

What is it?

The **Interrail Pass for Erasmus+** is a new version of the Interrail Pass, a single train pass that grants **unlimited train travel** on participating European train networks for a set amount of travel days.

Erasmus+ participants can choose between two versions of the Pass: **4 or 6 travel days to use over 6 months**.

Both Youth and Adult versions of this Pass are available for purchase, in 2nd and 1st class. Youth Passes, which are 25% cheaper than Adult Passes, can be purchased by travellers under 28.

Who is it for?

This Pass is **exclusively** intended for Erasmus+ participants who need to travel from one European country to another as part of the programme.

The Pass is ideal for **university students and staff** who go on an Erasmus+ academic exchange for a period of **up to 6 months**.

What is the purpose?

Participants can use the Interrail Pass for Erasmus+ to **reach** their hosting country and university and **return** to their home at the end of their programme.

With the **extra travel days**, participants can go one stop further and explore Europe on the way to and from their exchange. Alternatively, they may use the extra travel days for a trip during their abroad experience..

The Interrail Pass for Erasmus+ offers participants the chance to **travel affordably and sustainably** to their exchange while seeing Europe's highlights and hidden gems along the way.

How to buy the Pass?

Participants can purchase the Interrail Pass for Erasmus+ at www.interrail.eu/en/erasmus.

Green travel support

For the first time this year, the Erasmus+ programme offers **Green Travel Support** for people travelling to and from their destination using **sustainable** modes of transport.

Travelling **by train** is a green travel solution, meaning participants can apply for Green Travel Support and **offset** the cost of the Pass.

Prior to purchasing the Pass, participants are **advised to consult** their home university to learn if and how they can access Green Travel Support.
