LOOKING BACK ON A FRUITFUL DISCUSSION

Along with Studium Generale, P-NUT has organized a discussion on work pressure for doctoral candidates on the 13th of April. We assembled a Panel consisting of rector magnificus Tom Veldkamp, TGS manager Minke Klomp, PhD coach and blogger Arjenne Louter, PhD Supervisor Marieke Huisman and PhD Candidate Clément Lezane. We want to thank everyone who contributed to the discussion in an effort to put your concerns on the agenda of the policy makers of the UT. UToday has written an article on the discussion which you can find [here](#)!

PROMOVENDI NETWERK NEDERLAND

DISCUSSION ON WORK PRESSURE APRIL 13TH

P-NUT works closely together with PNN, a national organisation. Via their newsletter would like to update you on the latest PNN matters such as the national think tank who needs ideas on the topic "[meaningful aging](#)"; becoming an [ambassador](#) for graduates and students who want to stay in the netherlands and on their board member Marije. Check out their newsletter [here](#)!

OTHER EVENTS

P-NUT is far from the only organisation that organizes events. There is a whole lot of other activities going on on campus every day. Even though these events are not organized by P-NUT, we want to share some of them with you. Did you know about the following?

The [Language Café](#) is a monthly gathering in which participants can practice their skills in Spanish, Dutch, German, French and English. You can join at any level and there is free drinks. The next Language Café takes place on the 25th of May from 18:00 to 19:30.

The theme of [Dies Natalis 2023](#) on the 12th of May is societal impact. How does our research impact the non-academic world? Frans Timmermans, executive vice-president of the European Commission will give a lecture.

JOIN P-NUTS WHATSAPP GROUP

The P-NUT SocialApp group on WhatsApp provides a place for us to talk to each other, look out for each other and contact fellow doctoral candidates for support. You can suggest your ideas (e.g., events to be organized) and get in touch with your peers. After registration, we will provide you a link to join the SocialApp.

BENEFITS OF JOINING THE GROUP

- Ask for help with regulations, or any other related assistance;

- Let your peers know if you're self-isolating so someone can make sure you're okay;
- Get informed about new events sooner than via the P-NUT newsletter;
- Initiate events by yourself (e.g., walking on Campus or having a daytrip to a recreation park);
- Share (important) updates from official P-NUT sources (e.g., about events, surveys, etc.).

SOME DRAWBACKS OF JOINING THE GROUP

- We want to caution against the sharing of misinformation or speculation in the group, but we hope it can serve as a useful resource for building an effective support network;
- We suggest to mute notifications from this group, as it can be SPAM-intensive.

If you are not interested in joining this group but still want to be informed about events and updates you can also join the P-NUT InfoApp. We only share moderated messages from the P-NUT board there.

About P-NUT

P-NUT passes the borders of faculties, departments and even universities by bringing PhDs and PDEngs with different backgrounds together to share their experiences and help each other to grow and become more efficient in their work. Our main objectives are to bring people who share similar interests together in both a professional and informal way, to inform them on the important aspects that might affect or benefit their careers, and share and defend the rights of the PhDs and PDEngs at the UT. These objectives define the three main goals of PNUT: **connect**, **inform** and **represent** the PhD candidates of the University of Twente.

Interested in representing and supporting your fellow PhD and PDEng candidates? Join the P-NUT board! As part of the board you become the voice of a community but also find constant opportunities to develop personally and professionally. Simply write us an e-mail.
