CANVAS CONFERENCES – BIG BLUE BUTTON

You can chat with other participants

You can view all users in the conference

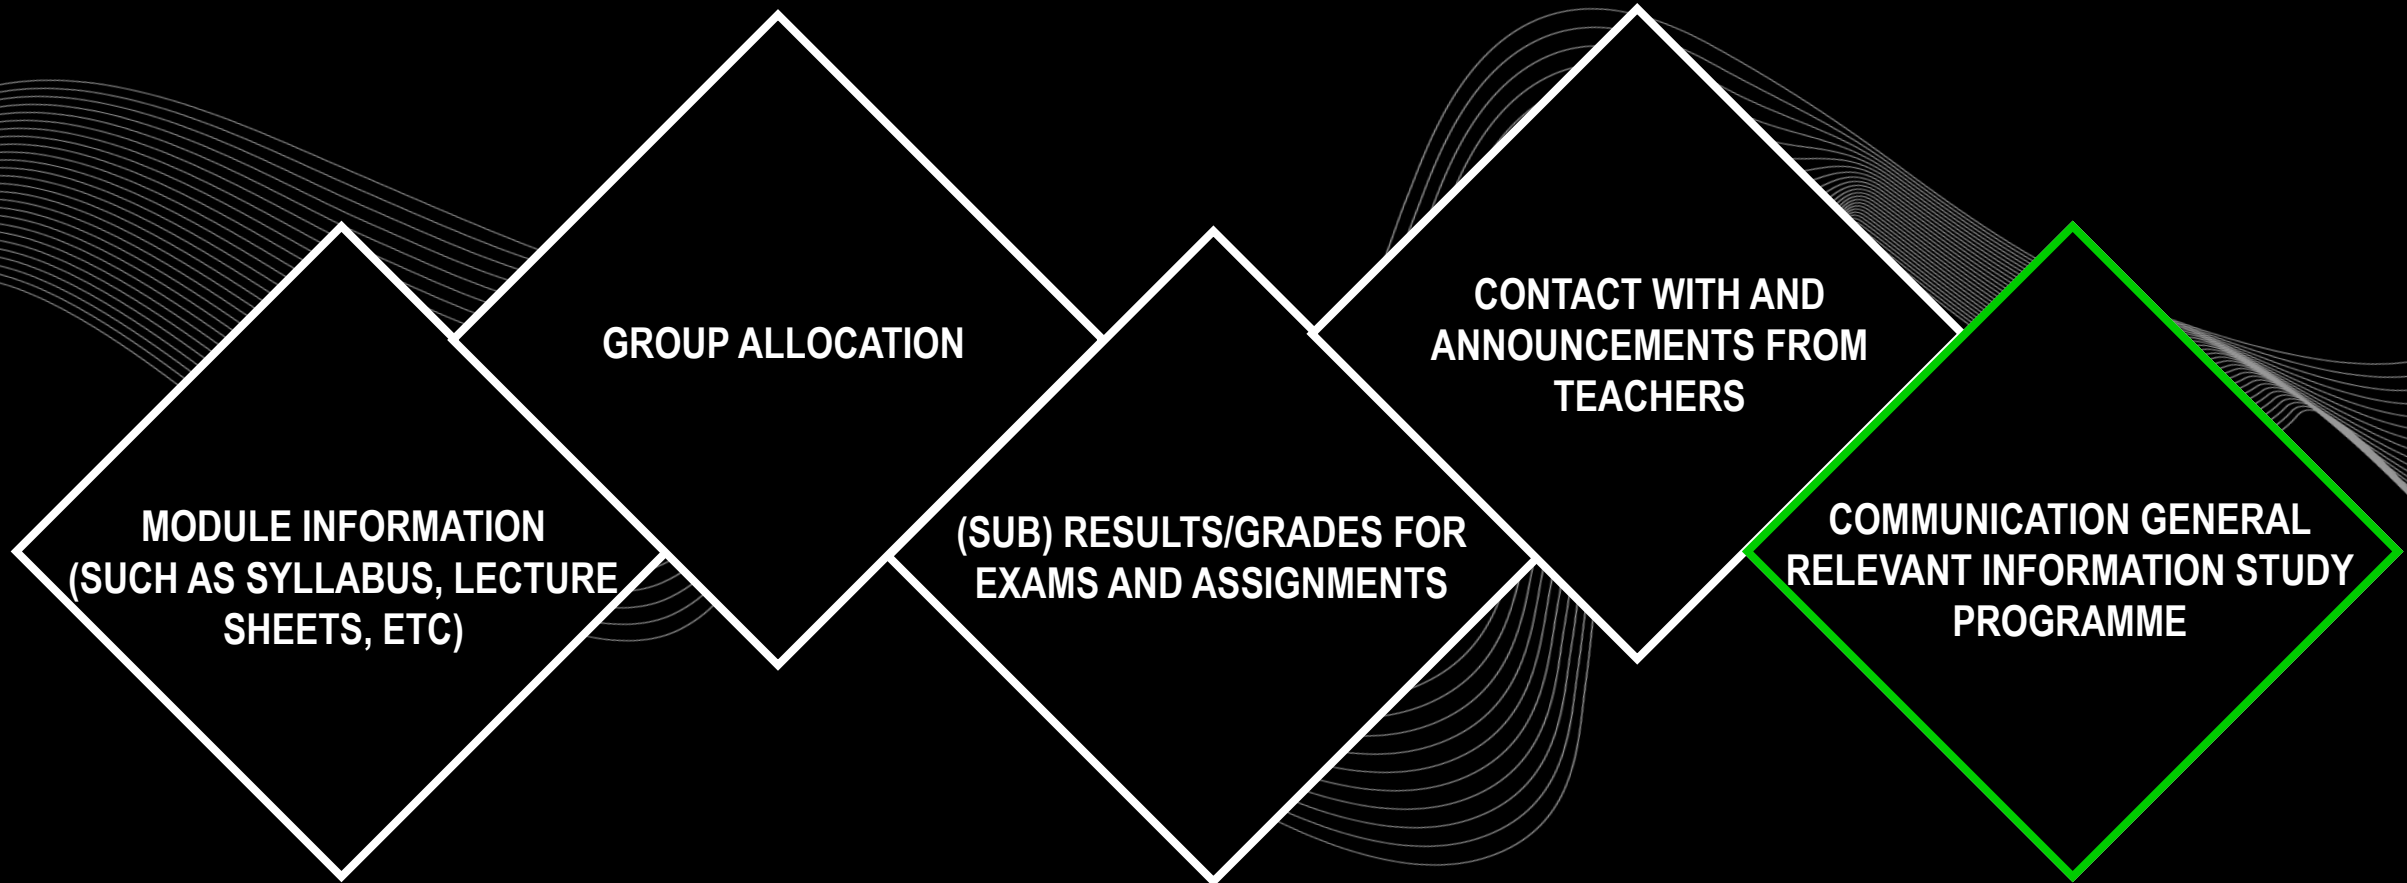

Important: check the [Technical requirements and advice](#) for using BigBlueButton

The screenshot shows the BigBlueButton interface for a conference titled "Introductory lecture 31-8-2020". The interface is divided into a left sidebar and a main content area. The sidebar contains sections for "MESSAGES" (Public Chat), "NOTES" (Shared Notes, locked by Moderator), and "USERS (2)" (Demo User003 (You) and another user). The main content area features a large "b" logo, a "Welcome To BigBlueButton" heading, and a sub-heading stating "BigBlueButton is an open source web conferencing system designed for online learning". Below this, there are eight feature cards: "CHAT" (Send public and private messages), "WEBCAMS" (Hold visual meetings), "AUDIO" (Communicate using high quality audio), "EMOJIS" (Express yourself), "BREAKOUT ROOMS" (Group users into breakout rooms for team collaboration), "POLLING" (Poll your users anytime), "SCREEN SHARING" (Share your screen), and "MULTI-USER WHITEBOARD" (Draw together). At the bottom, there is a link to "bigbluebutton.org" and a navigation bar with icons for audio and chat.

Also important when joining a conference: think about **“NETIQUETTE”**

CAMPUS APP

The background features a series of white, wavy lines that flow from the left side towards the right. On the right side, these lines form a complex, abstract shape that resembles a map or a network. Within this shape, there are several clusters of red dots and red lines, suggesting specific locations or nodes within the network.
