

Master's programme Psychology 2017-2018

The Master's programme in Psychology (60EC, 1 year) offers five (specialization) tracks in the field of psychology:

- Human Factors & Engineering Psychology (in English)
- Conflict, Risk & Safety (in English)
- Learning Sciences (in English)
- Health Psychology & Technology (in English)
- Positieve Psychologie & Technologie (in Dutch)

Four of the tracks are taught in English, this means that:

- Study materials are in English.
- Classes (lectures, seminars, workshops, practicals, and others) are taught in English.
- Exams and assignments are composed in English and students have to complete all exams and assignments in English.
- Presentations (including the master thesis presentation) have to be prepared in English

Students can start the master(tracks) in September or February. The programme for student who enrol in September can be found in this document.

Programme Master Psychology September 2017 enrolment

Conflict, Risk & Safety (CRS)

The mastertrack CRS consists of four obligatory courses (20EC) and one elective course (5EC). The track will be completed with a Master Thesis and Internship (35EC). The Internship (10EC) is optional. When an Internship is possible the student conducts a Master Thesis of 25EC. When a student does not go on an Internship a Master Thesis of 35EC is conducted.

Semester 1		Semester 2	
Quartile 1A	Quartile 1B	Quartile 2A	Quartile 2B
5EC	5EC	5EC	
Group Dynamics and Interventions 201100014	Advanced Research Methods for CRS 201600161	Psychology and Crime 201400580	
5EC	Master Thesis and (if applicable) Internship (35EC)		
Risk and Leadership in Societal and Technological Contexts ¹ 201400581			
5EC			
<i>Elective Course² 1 out of 3:</i> ➤ Learning and Instruction ¹ ➤ Cognition and Technical Systems ¹ ➤ Design of Persuasive Health Technology ¹			

¹ This course is offered twice a year, in Quartile 1A and Quartile 2A.

² Students choose one of the courses

Learning Sciences (LS)

The mastertrack LS consists of four obligatory courses (20EC) and one elective course (5EC). The track will be completed with a Master Thesis and Internship (35EC). The Internship (10EC) is optional. When an Internship is possible the student conducts a Master Thesis of 25EC. When a student does not go on an Internship a Master Thesis of 35EC is conducted.

Semester 1		Semester 2	
Quartile 1A	Quartile 1B	Quartile 2A	Quartile 2B
5EC Learning and Individual Differences: Assessment and Intervention 201400582	5EC Adaptivity in Learning and Instruction 201600164	5EC Innovative technology-based environments 201400002	
5EC Learning and Instruction ¹ 192914040	Master Thesis and (if applicable) Internship (35EC)²		
5EC <i>Elective Course² 1 out of 4:</i> ➤ Risk and Leadership in Societal and Technological Contexts ¹ ➤ Cognition and Technical Systems ¹ ➤ Design of Persuasive Health Technology ¹ ➤ Designing Learning & Performance Support			

¹ This course is offered twice a year, in Quartile 1A and Quartile 2A.

² Students choose one of the courses

Human Factors & Engineering Psychology (HFE)

The mastertrack (HFE) consists of four obligatory courses (20EC) and one elective course (5EC). The track will be completed with a Master Thesis and Internship (35EC). The Internship (10EC) is optional. When an Internship is possible the student conducts a Master Thesis of 25EC. When a student does not go on an Internship a Master Thesis of 35EC is conducted.

Semester 1		Semester 2	
Quartile 1A	Quartile 1B	Quartile 2A	Quartile 2B
5EC Resilience Engineering 201300034	5EC Advanced Research Methods for HFE 201600162	5EC Human Computer Interaction 201100126	
5EC Cognition and Technical Systems ¹ 201400583	Master Thesis and (if applicable) Internship (35EC)		
5EC <i>Elective Course² 1 out of 3:</i> ➤ Learning and Instruction ¹ ➤ Risk and Leadership in Societal and Technological Contexts ¹ ➤ Design of Persuasive Health Technology ¹			

¹ This course is offered twice a year, in Quartile 1A and Quartile 2A.

² Students choose one of the courses

Health Psychology & Technology (HPT)

The mastertrack HPT consists of four obligatory courses (20EC) and one elective course (5EC). The track will be completed with a Master Thesis and Internship (35EC). The Internship (10EC) is optional. When an Internship is possible the student conducts a Master Thesis of 25EC. When a student does not go on an Internship a Master Thesis of 35EC is conducted.

Semester 1		Semester 2	
Quartile 1A	Quartile 1B	Quartile 2A	Quartile 2B
5EC Public Health Psychology 201000136	5EC Advanced Research Methods for Psychology, Health and Technology 201600163	5EC Behavioural Medicine 201200121	Master Thesis and (if applicable) Internship (35EC)
5EC Design of Persuasive Health Psychology ¹ 201400584			
5EC <i>Elective Course² 1 out of 3:</i> ➤ Learning and Instruction ¹ ➤ Cognition and Technical Systems ¹ ➤ Risk and Leadership in Societal and Technological Contexts ¹			

¹ This course is offered twice a year, in Quartile 1A and Quartile 2A.

² Students choose one of the courses

Positieve Psychologie en Technologie (PPT) (in Dutch)

De masterspecialisatie PPT bestaat uit 30EC verplichte vakken, 10EC masterthese en 20EC stage (of eventueel 30EC vakken en 30EC masterthese).

Semester 1		Semester 2	
Blok 1A	Blok 1B	Blok 2A	Blok 2B
5EC Verdieping Psychopathologie 201000093	5EC Advanced Research Methods for Psychology, Health and Technology* 201600163	Stage PPT¹	
5EC Counseling en gespreksvaardigheden 201000091	5EC Cognitieve en gedragstherapie 201000094		
5EC Toegepaste positieve psychologie 201300032	5EC eMental Health 201000092	Masterthese PPT²	

Alle PPT vakken worden twee keer per studiejaar aangeboden.

* Dit vak wordt in het Engels aangeboden

¹ Wanneer een student binnen de masterspecialisatie PPT een stage van 20EC volgt (klinisch, of praktijk/onderzoek) behelst de masterthese 10EC. Wanneer een student geen stage van 20EC volgt kan de student de master afronden door middel van een 30EC masterthese PPT.

² Als verplichte voorkennis voor het volgen van de stage geldt: de student heeft de vakken 'Counseling en gespreksvaardigheden' en 'Verdieping psychopathologie' behaald en de student heeft het vak 'Cognitieve en gedragstherapie' gevolgd (dat wil zeggen deelgenomen aan de onderwijs – en examenonderdelen van het vak).
