

CLIMATE ACTION, RESOURCE EFFICIENCY AND RAW MATERIALS
 ACTIONS 2014-2015 SUPPORTING FOCUS AREAS LED BY OTHER SOCIETAL CHALLENGES - Call topics based on draft 24.06.2013
list used in roundtable on Horizon 2020, ITC 25.09.2013

FOCUS AREA 'Blue growth: unlocking the potential of the oceans'				
no	Topic	Call	Project type/funding rate	Participants interested
1	European polar research cooperation	2014	Coordination Action	
2	Strengthening international cooperation in the field of marine sciences	2014	Coordination Action	
3	In-situ Atlantic Ocean Observations for better management and exploitation of maritime resources	2014	Collaborative Project (100%) Two stage	
4	Further consolidating the ERA in marine sciences	2015	Coordination Action Single stage	
5	Marine biodiversity for better valuing marine life	2015	Collaborative Project (100%) Two stage	
6	Preservation and sustainable exploitation of Atlantic marine ecosystems	2015	Collaborative Project (100%) Two stage	

FOCUS AREA 'Smart cities and communities'				
no	Topic	Call/deadline	Project type/funding rate	Participants interested
1	Improving the air quality [and carbon footprint] of European cities	2015	Collaborative Project (100%) Two stage	A. Skidmore; R. de By

FOCUS AREA 'Competitive low-carbon energy'				
no	Topic	Call/deadline	Project type/funding rate	Participants interested
1	The economics of climate change mitigation	2014	Collaborative Project (100%) Two stage	T. Filatova

CLIMATE ACTION, RESOURCE EFFICIENCY AND RAW MATERIALS
 ACTIONS 2014-2015 SUPPORTING FOCUS AREAS LED BY OTHER SOCIETAL CHALLENGES - Call topics based on draft 24.06.2013
list used in roundtable on Horizon 2020, ITC 25.09.2013

FOCUS AREA 'Energy Efficiency'				
no	Topic	Call/deadline	Project type/funding rate	Participants interested
1	Energy strategies and solutions for deep renovation of historic buildings	2014	Collaborative Project (100%) Two stage	

FOCUS AREA 'Disaster-resilience: safeguarding and securing society, including adapting to				
no	Topic	Call/deadline	Project type/funding rate	Participants interested
1	Co-ordinating research and innovation activities on climate change adaptation and disaster risk management in Europe	2014	Collaborative Project (100%) Two stage	T. Filatova; V. Jetten
2	Natural Hazards: Towards risk reduction plans at national and European level	2014	Collaborative Project (100%) Two stage	T. Filatova; V. Jetten; A. van der Veen
3	Opportunities, costs, impacts and risks of adaptation measures and policies in key economic sectors and services in Europe	2014	Collaborative Project (100%) Two stage	T. Filatova; V. Jetten
4	Natural Hazards: towards operational forecasting and early warning capacity	2015	Collaborative Project (100%) Two stage	V. Jetten; T.A. Groen; A. Skidmore
5	Towards large-scale deployment of technological and non-technological adaptation options and practices for key European systems and economic sectors	2015	Collaborative Project (70%) Two stage	V. Jetten
6	Mitigating the impacts of climate change and natural hazards on cultural heritage sites, structures and materials	2015	Collaborative Project (100%) Two stage	V. Jetten
