

October 2024

As of October 2024, (Version 5.31) Pure Research Information uses a new header:

Old:

New:

The top-right-corner contains icons for quick access to history, favourites, tasks, notifications and user settings (profile).

The Notifications component now displays a dot when a new notification comes through.

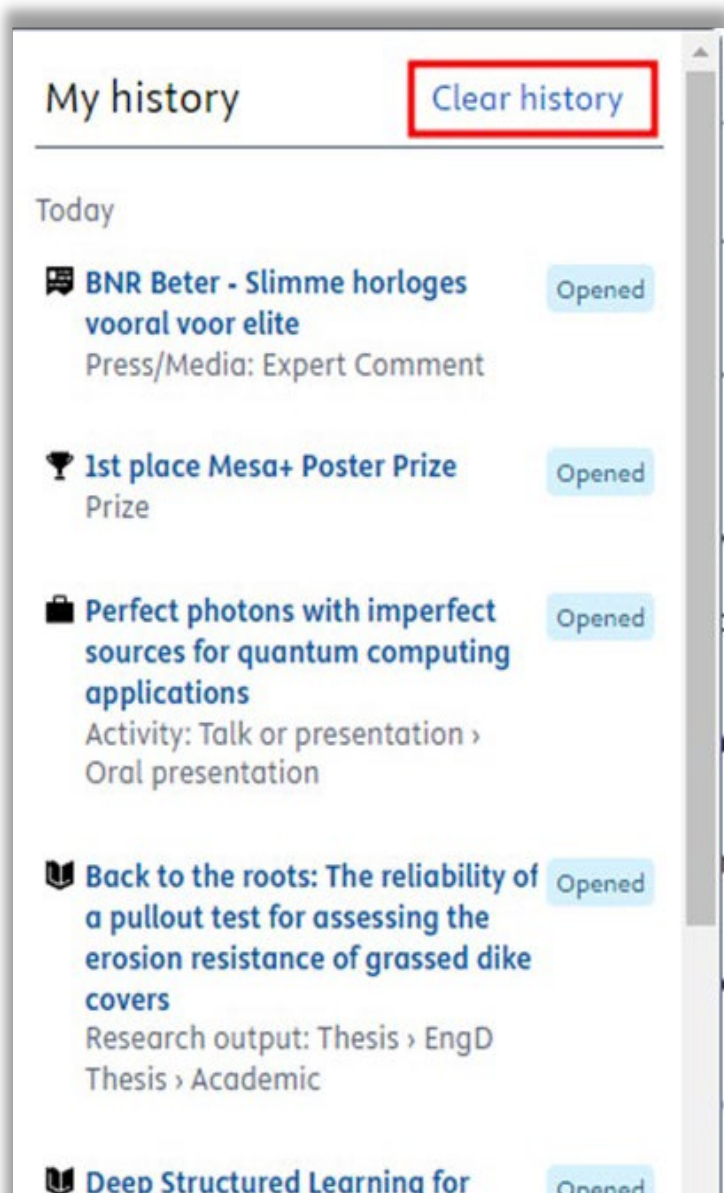

The My history functionality now supports:

Saving history across sessions

The number of records shown has expanded from 5 to 25

A Clear history button has been added

There is also an option to choose a dark theme, just click on the user settings/picture to adjust settings.

The screenshot shows a user profile for Albert Einstein on the Pure platform. The profile includes a circular portrait, the name "Albert Einstein (Demo purposes)", and several action links: "My public profile", "Add curriculum vitae", and "Create or Connect your ORCID ID". Below the profile is a grid of research outputs, prizes, press/media, and datasets. A settings dropdown menu is open on the right, showing options for "Edit profile", "User settings", and "Header appearance". Under "Header appearance", the "Dark" theme is selected and highlighted with a red box. The "Accessibility settings" section is also visible, showing options for pop-up window appearance time.
