Remarks about Authors

- This is a list of UT members (staff, alumni, students, organizations) on Twitter, Instagram, Facebook, etc.
- The 'messages' column counts the number of messages this user has placed about the UT (for examples messages containing #utwente, 'University of Twente', etc.).
- The 'retweets and comments' colomn is what we are interested in: social media is interaction instead of one way communication. So our list is sorted by retweets and comments and this column determines our ranking!

As Victor van der Chijs can not hand out the award to himself the next user on the list is the winner for the social media award of the UT. This winner is a great ambassador for what's going on on campus, reaching a wide audience.
