

Bachelor students

Enroll

The University of Twente starts from the new academic year 2013 a new educational system (project steered modules of 15 EC) for all first year bachelor students. In order to participate in the education within the module you'll need to enroll in advance. Enroll for a module can through [Osiris](#) and may take up to a day before the start of the module.

Once you've enrolled for the courses you are also enrolled for Blackboard and for the first opportunity of corresponding exams!

There are some exceptions:

- Repair of a module component previous academic year
- Follow a module component for a Master's program or minor

Do not enroll for the module, but go to your own BOZ. They help you out also for subscription to the Blackboard site

De-enroll

Are you enrolled for a module and you decide not to follow the module then you can still de-enroll through [Osiris](#) until one day before the start of the module.

If you want to de-enroll after the closure of the enrollment period then you need to contact your academic advisor.

Master students

Enroll for a course

In order to participate you need to enroll for the courses you want to follow. You can enroll to a day before the start of the quartile via [Osiris](#) for the course(s). Once you have enrolled for a course you are automatically enrolled for Blackboard and for the **first opportunity** of corresponding written exams! Please make sure you will **enroll for re-exams** (see also "Enroll for an exam").

De-enroll for a course

If you want to de-enroll for a course you can do this within the enrollment period through [Osiris](#). If you after the closure of the enrollment period, still wish to carry be enrolled then you have to write a request to your [BOZ](#).

If you want to de-enroll only for the exam you can do this through [Osiris](#) until one day before the exam is scheduled.

BOZ (Office of Educational Affairs):

ET:	BOZ-ET-CES@utwente.nl	(Faculty: Engineering Technology)
EWI:	BOZ-EWI-CES@utwente.nl	(Faculty: Electrical Engineering, Mathematics and Computer science)
BMS:	BOZ-BMS-CES@utwente.nl	(Faculty: Behavioural, Management and Social Sciences)
TNW:	BOZ-TNW-CES@utwente.nl	(Faculty: Science Technology)

Enroll for an exam

If you don't have to follow the course anymore, but still need to do the exam you can also enroll separately for the exam.

You can enroll through [Osiris](#) for all written exams mentioned on the examination timetable in the regular examination period as well as for the exams you take in the interim.

Attention !: subscribe for the exam and not for the course, this includes canceled courses for which only a second chance is offered.

Because the enrolment is linked to an examination date, the period for which you can enrol are also differs. For each examination you can enrol via Osiris from 40 days before the examination, up to 14 days before the examination. It will still possible to enroll for all examinations in the regular examination weeks in once, because the enrolment periods having a partly overlap.

For each (including interim) exam, you must enroll to participate in the exam
You can enroll from 40 to at least 14 days prior to the exam.

De-enroll can only trough Osiris and up to a day before the exam

Enrollment Periods for all education:

1st quartile: 1 July 2017 to 3 September 2017

2nd quartile: 16 October 2017 to 12 November 2017

3rd quartile: 8 January 2018 to 4 February 2018

4th quartile: 26 March 2018 to 22 April 2018
