

SEE PROGRAMMA

FACTS 2021

WASTE

60% of waste collected separately

Finalized **Waste Plan** and put it to use in new tenders

Water tap installed at library, saving on water bottles

EVENTS

Organized Green Drinks event: the first **plastic-free event** on campus

Tested **recyclable cups** during the Kick-in

Organized **Sustainability Week** together with Saxion and ROC van Twente

FOOD

Vegetarian food promotion during sustainability week

Set up collaboration with contract managers, laying the groundwork to **reduce the impact of our canteens**

WATER

Water storage on campus finished, saving up to **40.000 m³** of drinking water per year

ENERGY

Committed to MJA4, promising a **4%** reduction in gas use per year until 2030

Switched to a new electricity supplier with **100% green energy**

MOBILITY

Organized **bike lessons** for international students and staff

Included all **e-bike charging locations** in the campus app

BIODIVERSITY

Planted **700m²** flower bulbs and **763m²** of wild flowers

Ensured more biodiversity in over **7000m²** of roadside lawn

PROCUREMENT & PURCHASING

Started new **cleaning** contract, including measures to become 100% CO₂ neutral, reduce water use and more

Started new **grounds maintenance** contract, including measures to reduce CO₂ emissions by 50% in 2025 and become CO₂-neutral in 2030

Started new **warm drink machines** contract, including measures to reduce the use of packaging and disposable cups

BUILDINGS

Finished **energy roadmap** & presented to Executive Board

Implemented many **sustainability measures** during renovations, for example insulated the roof of Drienerburgh and replaced the sliding doors in Bastille

FINANCE

ABP decided to **divest in fossil fuels**, after pressure from Scientist for Future Twente (among others)
