3. Toelichting/samenvatting:

The croho registers a degree programme's formal name as well as its international name, as shown below.

Isat	Opleiding†	Internationale naam	Brin	Instelling
56604	B Psychologie	B Psychology	21PH	Universiteit Twente

With the introduction of English as the educational language, it is the international name of degree programmes that is used in practice (both internally as well as externally for communication and marketing). Hence, the international name has become more influential and it is therefore important that the right participation bodies are consulted when a degree programme wishes to change its international name. The OLC and FR are already consulted this process. By including the international name in addition to the formal name in the BBR, it is ensured that the University Council is also involved in this process in the same way it is involved in a proposed name change of the formal name of the degree programme.

4. Besluit CvB:

The Executive Board adopts the proposed decision to include the international name of degree progamme in addition to its formal name in the BBR. This proposed decision will be submitted to the University Council for approval.

GRIFFIE URaad: (door griffie UR in te vullen)
