onderwerp	Question on role and profile of a Program Director.		

Dear Executive Board,

The last few months we have been discussing the role and the profile of a Program Director on several occasions:

- When new program directors were appointed the University Council was surprised to see that they had an educational background, although we live in the assumption that a Program Director should be rooted in the academic domain of the program.
- Discussing 'Rests education' it seemed that the Rests group can impose learning outcomes on a program, beyond the 'Meijers criteria' with guide the Program Director is developing his program.
- Could you kindly explain the role of the Program Director at UCT-ATLAS?

The University Council would like to hear your answers to the questions above during the upcoming consultation meeting on 11 December 2019.

*Kind regards,
on behalf of the University Council,*

dr. ir. H. Wormeester,
Chairman
