Perceived Efficacy in Patient-Physician Interactions Questionnaire

1=Not at all confident
5=Very confident

How confident are you in your ability to:

1. get a doctor to pay attention to what you have to say?
*2. know what questions to ask a doctor?
*3. get a doctor to answer all of your questions?
4. ask a doctor questions about your chief health concern?
*5. make the most of your visit with the doctor?
*6. get a doctor to take your chief health concerns seriously?
7. understand what a doctor tells you?
*8. get a doctor to do something about your chief health concern?
9. explain your chief health concern to a doctor?
10. ask a doctor for more information if you don’t understand what he or she said?
