

Evaluation report: Solids and Surfaces – 2010/2011

The evaluation committee has evaluated the course Solids and Surfaces by sending an online questionnaire to 35 students. 7 students filled in the questionnaire, which gives a response of 20%.

The overall appreciation of the course Solids and Surfaces is just the required 7.0. The availability of the teacher is marked very good (9.0), but the quality of the study material is given a 5.6. The other marks are between 7.0 and 8.2

These are the main conclusions of the evaluation. The interpretation is based on the remarks of the respondents. For an overview of the results, see the graph at the end of this report.

Recommendations by the committee:

The quality of the course can be improved. Based on the results of the questionnaire, some recommendations for improvement are provided. The most important recommendations are:

- Try to improve the quality of study material.
- Continue Solids and Surfaces the way it has been given this year!

Overview:

- Most marks are given on a scale from 1-5 and converted to a scale from 2-10 by multiplying with a factor 2. For master courses, a mark of 7.0 or higher is sufficient.
- The height of the bars in the graph represents the mark. The thin line at the top of the bars gives the standard deviation.
