

Commentaar CRT 2011/2012

Study

Other Bachelor Applied Physics
Master ME M-BME
Master ME msc bme
Master ME
Other Master Biomedical Engineering

What year

3
2x 2
1
--

Sufficient Time

* * with just 2 hours of lectures a week and a small assignment, I don't think this course should be 5 EC

Sufficient Time

2x too less
3x yes

Learning outcome relevant

Contents interesting

Adequate info on Teletop

Teacher available for questions

Prior knowledge insufficient

agree
agree Clinical rehabilitation course taken during my B.Tech programme
3x not agree

Lecture tempo

Lecture tempo

4x yes
-

Lecture organization

Subject became clear

Use of facilities

Study material covered subject sufficiently

Course suitable for self study

it was obligatory.

Quality study material

Clear requirement for exam

Exam well related to major subjects

Questions were clear

Remarks and suggestions

* * Maybe organize more lectures in order to let the course deserve 5 EC. Apart from that, really great course!
4x *
