

Evaluation report: Energy and Economy – 2012/2013

Course code: 195740020
Contact: dr. M.J. Arentsen
Percentage of passed exams: 100%

The evaluation committee has evaluated the course Energy and Economy by sending an online questionnaire to 29 students. 11 students filled in the questionnaire, which gives a response of 38%.

All marks are graded sufficiently or good. Overall appreciation, adequate information and suitability for self study score between a 3,5 and a 4 (on a scale from 1-5). All other grades are above 4. More than 90% of the students think that the scheduled time was enough, but not too much. There are question about the relevance of the course in the SET master and another student states that there should be more information about economy and less about trends. But all in all, regarding the grades for the aspects, the course scores really well.

These are the main conclusions of the evaluation. The interpretation is based on the remarks of the respondents. For an overview of the results, see the graph at the end of this report.

Overview:

- All marks are given on a scale from 1-5. For master courses, a mark of 3.5 or higher is sufficient.
- The height of the bars in the graph represents the mark. The thin line at the top of the bars gives the standard deviation.
