

Evaluation report: Technology and Sustainable Development – 2012/2013

The evaluation committee has evaluated the course Technology and Sustainable Development by sending an online questionnaire to 24 students. 6 students filled in the questionnaire, which gives a response of 25%.

SUMMARY

The course is reviewed with a 5.8, which is an unsatisfactory mark. From the comments only one conclusion can be drawn: please give more time for the poster assignment. One week is too limited.

These are the main conclusions of the evaluation. The interpretation is based on the remarks of the respondents. For an overview of the results, see the graph at the end of this report.

Overview:

- Most marks are given on a scale from 1-5 and converted to a scale from 2-10 by multiplying with a factor 2. For master courses, a mark of 7.0 or higher is sufficient.
- The height of the bars in the graph represents the mark. The thin line at the top of the bars gives the standard deviation.

Orange	General
Yellow	Lectures
Blue	Study material
Purple	Examination / Final Assignment

Marks	
Total appreciation	5.8
Ability to study	7.9
Relevancy	6
Quality of education	7.7
Coordination / planning	8.4
Examination / Assignments	7.7

Explanation of marks:

- Total appreciation is the mark given to the question: Overall appreciation.
- Ability to study is the average point of the marks given to the part of study material.
- Relevancy is the mark given to the question: Relevancy of the course.
- Quality of education is the average point of the marks given to the parts “lectures” and “practices”.
- Coordination / Planning is the average point of the marks of “Adequate Information on Blackboard” and “Teacher available for questions”.
- Examination / Assignments is the average point of the marks given to the Examination /Final Assignment part.
