

Role

Internship Business Analyst/ Project Support IT

Company

The Kraft Heinz Company is one of the world's leading marketers and producers of healthy, convenient and affordable foods, with a growing global portfolio of leading brands in three core categories: Ketchup & Sauces, Meals & Snacks and Infant/Nutrition.

As pioneer in the packaged foods industry, Kraft Heinz is famous for its iconic brands on six continents, showcased by Heinz Ketchup, the World's Favorite Ketchup. Its leading brands enjoy number-one or number-two market positions in more than 50 countries.

At Kraft Heinz, to be the BEST food company, growing a BETTER world is more than a dream - it's our vision. To be the best, we want the best - best brands, best processes and most importantly the best people.

Function

As a Business Analyst/ Project Support intern you will be part of the Benelux IT organization that is the linking pin between the global IT organization and the Benelux business. You will help in:

- Improving the knowledge management and communication around the available processes/service/support for the Kraft Heinz Benelux/Europe zone.
- Assist in project management as business analyst, managing projects ranging from \$10,000-\$2,000,000.
- Assist the business by adopting and utilizing existing technology/ process solutions and implement new technology solutions.
- Help solving organizational information problems by analyzing requirements and recommending solutions.
- Identify potential for process improvements and recommends technical/ process solutions to enable the organization to achieve its goals.
- Work with the Supplier, Business and Center of Excellence teams to map business requirements to the Kraft Heinz technology solutions.

Qualifications

To qualify for the position of Technology Management intern we are looking for;

- 3rd or 4th year Bachelor or Master student in Technology Management or equivalent (as technical Business Administration or Business Information Management)
- IT experience & knowledge in practice (such as small projects)
- Analytical thinking with an emphasis on complex problem solving.
- Good communicator in English and Dutch - verbal and written- with strong influencing skills and the ability to effectively and positively work with stakeholders, business and technical staff at a management level.
- Good Excel/Word skills
- creative/pragmatic/ hands-on and problem solving; affinity with working with (computer) systems
- Project management skills are a pre.

Details

- Start date: ASAP
- Location: Zeist
- Period: 6 months

- Salary for 4 days a week € 500 per month, for 5 days a week € 625 per month

- Notice that for all intern positions we only hire candidates that are currently registered as a student

For students with a nationality other than one of the European Union members:

- You need to be currently studying in the Netherlands

- The internship must be an obligatory part of your study, and your study institution needs to approve the internship (sign an agreement)
