The overall design of the program is that there is a section with the description of the step (on the left). The (number) indicates the amount of students allocated in that step. The underlined information indicates that there is still an action to do by either the student or employee. Display applications is a step where the employee can consult the student, but does not have to take any action. By clicking on the other underlined information you can see the students in that step and the action that has to be taken.

## Before the mobility

### Step 1 Application

#### Approving or mark the application as incomplete:

1.1. When a student has filled out his/her application for graduation – internal, the student will enter the pipeline here<sup>1</sup>.

<input type="checkbox"/> New Application - Application not yet approved by the coordinator	(1)	<a href="#">Mark application as approved by the coordinator</a>	<a href="#">?</a>
<input type="checkbox"/> New Application - Application not yet marked as incomplete by the coordinator	(1)	<a href="#">Mark application as incomplete</a>	<a href="#">?</a>

1.2. By clicking on the underlined information you will get access to a list of students who filled out the application form. It is possible to approve the application or to mark the application as incomplete. To check if the students can be approved or if the information is incomplete. Click on 'mark application as approved by the coordinator' or 'mark application as incomplete'. In both cases you will get an overview of the students in the pipeline.

<sup>1</sup> When approving or marking a application as incomplete, you will always see the students in 2 steps: approve and mark as incomplete. To see their application you can use both steps.

1.3. It is now possible to open the master data by clicking on the student's name.

If you checked the information you can use the *cancel* button to go back to the overview of students.

1.4. After checking the data it is possible to approve (see 2.1.1) or mark the application as incomplete (see 2.2.1).

## Step 2 Approve or mark as incomplete (application)

### Approve application

2.1.1. To mark an application as approved click on Mark application as approved.

Select the student by checking the checkbox behind his name and click on the “button” mark as approved. The student will now receive an email about his application and that it has been approved.

2.1.2 After the application has been approved, the student will end up in the ‘application approved – project not yet marked as finished by the applicant’ pipeline.

If you click on ‘display applications’ you will see an overview of all the students in this pipeline step:

<sup>1</sup> When approving or marking a application as incomplete, you will always see the students in 2 steps: approve and mark as incomplete. To see their application you can use both steps.

At this moment the student has to undertake action. The student has to mark his project as finished before the employee needs to undertake action. When the student has marked his or her application as finished, he or she will go to 'project marked as finished by the applicant' pipeline step. Check: **project marked as finished by applicant (step 3)** of this manual

## Application marked as incomplete:

2.2.1 To mark an application as incomplete click on Mark application as incomplete

<input type="checkbox"/> New Application - Application not yet approved by the coordinator	(1)	<a href="#">Mark application as approved by the coordinator</a>	
<input type="checkbox"/> New Application - Application not yet marked as incomplete by the coordinator	(1)	<a href="#">Mark application as incomplete</a>	

Select the student by checking the checkbox behind his name, fill in a reason and click on the "button" mark as incomplete. The student will now receive an email with the reason why it is marked as incomplete and how he can adjust this.

2.2.2 The student will now go to the 'If incomplete: E-mail sent to the student – application documents not yet completed by the student' pipeline.

<input checked="" type="checkbox"/> If incomplete: E-mail sent to the student - Application documents not yet completed by the student	(2)	<a href="#">Display applications</a>	
<input type="checkbox"/> If incomplete - Email sent to the student - Application not yet marked as incomplete again	(0)		
<input type="checkbox"/> If incomplete - Email sent to the student - Application not yet approved	(0)		

If you click on 'display applications' you will see an overview of the students in this pipeline step:

Last name	Program	Study field	Home.Inst.	Host.Inst.	Academic year	Stay from	Stay until	Study area
<input checked="" type="checkbox"/> Teststudent 149_ Tester	Graduation - Internal	Biomedical Engineering	S&T - Faculty of Science and Technology	n/a	2017/2018	20/06/2017	01/06/2017	
<input checked="" type="checkbox"/> Teststudent 150_ Tester	Graduation - Internal	Internet Science and Technology	EEMCS - EEMCS	n/a	2017/2018	28/06/2017	23/03/2017	

At this moment the student has to undertake action by adjusting his application. When the student has adjusted his application he or she will go to the following pipelines:

<input type="checkbox"/> If incomplete: E-mail sent to the student - Application documents not yet completed by the student	(2)	<a href="#">Display applications</a>	
<input checked="" type="checkbox"/> If incomplete - Email sent to the student - Application not yet marked as incomplete again	(0)		
<input type="checkbox"/> If incomplete - Email sent to the student - Application not yet approved	(0)		

You can now repeat **step 2** of this manual. The employee can check if he is now eligible to be approved.

## Step 3 Approve or mark as incomplete (project)

### Project marked as finished by the applicant:

When the student has marked his or her application as finished, he or she will go to 'project marked as finished by the applicant' pipeline steps. It is possible to approve the project or to mark the project as incomplete<sup>1</sup>

3.1.1. When you want to approve, click on 'mark the project as approved'

<input type="checkbox"/> Project marked as finished by the applicant - Project not yet approved by the coordinator	(1)	<a href="#">Mark the project as approved</a>	
<input type="checkbox"/> Project marked as finished by the applicant - Project not yet marked as incomplete	(1)	<a href="#">Mark the project as incomplete</a>	

3.1.2. Click on the name of the student to open the master data.

<sup>1</sup> When approving or marking a application as incomplete, you will always see the students in 2 steps: approve and mark as incomplete. To see their application you can use both steps.

Last name	Program	Study field	Home.Inst.	Host.Inst.	Academic year	Stay from	Stay until	Study area
Teststudent 140, Tester	Graduation - Internal	Chemical Engineering	S&T - Faculty of Science and Technology	n/a	2017/2018	01/09/2017	30/12/2017	

3.1.3. Some students have to hand in the proposal form. In this case the employee can check the proposal form in the 'documents tab' of the student. **This is not for all students the case, the proposal form can also be delivered as a hard-copy at the BOZ office. This differs per faculty.**

3.1.4. The employee needs to do a final check before the registration can be marked as finished and can be closed. When the student is eligible you can approve the student by checking the box(es) of the student(s) you want to approve (right) and click on the bottom 'mark the project as approved'. The student will receive an email about the approval. If the student is not eligible, go to: **mark project as incomplete**.

The student will now go to step 'project approved – Application not yet marked as finished'.

Project approved - Application not yet marked as finished	(2)	Mark applications as finished	?
Application finished	(6)	Display applications	?

Check application finished (step 4).

### Mark project as incomplete:

If the student does not meet the requirements it is possible to mark the project as incomplete.

3.2.1. Go back to the application overview (step 3.1.1.) and choose 'mark the project as incomplete'.

Project marked as finished by the applicant - Project not yet approved by the coordinator	(1)	Mark the project as approved
Project marked as finished by the applicant - Project not yet marked as incomplete	(1)	Mark the project as incomplete

3.2.2. Click on the name of the student to open the master data.

3.2.3 After checking the data it is possible to mark the project as incomplete. Check the box (right) and fill out the remarks field with the reason to mark the project as incomplete. Click on 'mark the project as incomplete'. The student will receive an email with the reason why it is marked as incomplete and how he can adjust this.

<sup>1</sup> When approving or marking a application as incomplete, you will always see the students in 2 steps: approve and mark as incomplete. To see their application you can use both steps.

The student will now go to step 'If incomplete – Email sent to the student – Application not yet marked as corrected by the student'.

▶ If incomplete - Email sent to the student - Application not yet marked as corrected by the student	(1)	<a href="#">Display applications</a>	?
▶ If incomplete - Application corrected by the student - Application not yet marked as incomplete again	(0)		?
▶ If incomplete - Application corrected by the student - Application not yet marked as approved	(0)		?

3.2.4. When the student has adjusted his application he will enter the following pipeline steps:

▶ If incomplete - Email sent to the student - Application not yet marked as incomplete again	(1)	<a href="#">Mark application as still incomplete and send the email again</a>	?
▶ If incomplete - Email sent to the student - Application not yet approved	(1)	<a href="#">Mark the application as approved</a>	?

You can now repeat **step 3** of this manual. The employee can check if he is now eligible to be approved.

## Step 4

### Application finished

The student is now in this pipeline:

▶ Project approved - Application not yet marked as finished	(2)	<a href="#">Mark applications as finished</a>	?
▶ Application finished	(6)	<a href="#">Display applications</a>	?

By clicking on [mark applications as finished](#) you can see an overview of the students. The employee needs to mark the applications as finished. This will be done after the final administrative check has been executed (thesis in UT repository, grade in Osiris etc.).

Check the box(es) of the student(s) you want to approve (right) and click on the bottom 'mark application as finished'. The student will now go to step 'application finished'.

▶ Application finished	(6)	<a href="#">Display applications</a>	?
------------------------	-----	--------------------------------------	---

By clicking on 'display applications' the employee will see an overview of the students who finished their project.

<sup>1</sup> When approving or marking a application as incomplete, you will always see the students in 2 steps: approve and mark as incomplete. To see their application you can use both steps.

# General queries

Next to the 'before mobility' part there is a 'general queries' part. Within this section, the UT employee can alter information in students' applications without opening every student's application individually.

General queries			Total (18)
▶ Application not yet marked as 'Application rejected'	(17)	<a href="#">Mark applications as 'Application rejected'</a>	?
