## UNIVERSITY OF TWENTE.

With reference to: BSA /B-EDU/college year/Pre-recommendation/sxxxxxxx

Dear <mr./ms.> <last name>, Dear <first name>,

Hereby we inform you of the pre-recommendation following your academic results up to and including <calculation date> of the first year of the Bachelor <education name> (B1), academic year <college year>. You are receiving this pre-recommendation as part of the binding recommendation on the continuation of studies (see section 6 of the Education and Examination Regulations).

Thus far, it has been possible to obtain 15 credits (EC). You have obtained 0 EC .

Nevertheless, we are giving you an **Undetermined** advice.

At this time, there is not enough information to give you either a positive or a negative pre-recommendation. You may still have a chance to complete and pass the module with an additional test. Or it could also be the case that you have recently made a change in educational programme. Or you have (had) personal circumstances that may have influenced your study progress. We would like to call you in for a meeting with the study advisor to discuss your study approach and study choice. For this, you will receive an invitation.

If there are personal circumstances (as defined in paragraph 6.3.13 of the Education and Examination Regulations) that may affect your study -- or if such circumstances emerge --, you should report these circumstances as soon as reasonably may be expected to the study advisor.

The Education and Examination Regulations can be found on the Education page of your educational programme. For questions about this letter or other study-related matters, please contact the study advisor.

We wish you every success in your studies.

Sincerely,

Programme Board of Bachelor <education name>

If you do not agree with this decision of the Programme Board, you can appeal with the Complaints Desk. For more information, go to: [https://www.utwente.nl/ces/studentervices/en/complaints\\_desk/](https://www.utwente.nl/ces/studentervices/en/complaints_desk/)).
