| **Exclusion** | **Based on:** |
|---|---|
| | Overlap |
| | Not accessible |
| | Blocked by own programme |

**Admission requirements from offering programme:**

1) Maths A level and Physics A level.
2) UT Mathematics B1, B2, D1 and knowledge of liquid mechanics.
4) UT Mathematics A, B1, B2, C1, D1 and Statics .
5) Maths level A or equivalent.
6) UT Mathematics Track (first year).
7) UT Mathematics Track (first year) and basic knowledge of Matlab or get in touch with the applied mathematics bachelor coordinator.
8) Basic knowledge of programming and mathematics
9) VWO NT / NG + Physics (A-level: Maths, Physics, Chemistry).
10) Smart Technology in year 2.
11) Knowledge of differential- and difference equations.
12) Basic knowledge of social research methods.
13) Materials Science and Engineering as basic knowledge.
14) UT Mathematics Track (first year) and VWO Physics (A-level).
15) VWO NT or NG + Physics (A-level: Maths, Physics, Chemistry). Must have finished skills practicum (vaardighedenpracticum) and laboratory safety test (at the end of quartile 1A).
16) VWO NT or NG + Physics (A-level: Maths, Physics, Chemistry, Biology). Students have to have finished module 2 BMT (201100184).
17) VWO NT or NG + Physics (A-level: Maths, Physics, Chemistry) and UT Mathematics Track (first year).
18) A-level: Maths, Physics, Chemistry and the basics of thermodynamics
