YOUR BACHELOR'S PROGRAMME AT
THE UNIVERSITY OF TWENTE? WE OFFER
INTERESTING POSSIBILITIES.

A minor can broaden your horizon, but can also deepen your previously gained knowledge. Or you could take a minor that prepares you for a switch to a master's programme that is normally not directly accessible for your bachelor's programme (transfer minor).

We even offer a minor that, after completing the 30 EC version, provides you with a second degree teaching qualification.

WHEN DO YOU TAKE A MINOR?

Most educational programmes have reserved the first semester of the third year for 30 ECTS of minors. That is why most students take minors during the first semester of the third year of their bachelor's programme. We offer a limited amount of minors during the second semester.
